Welcome Back New & Returning Students!
GST 101 available for Fall!

Take the first step in preparing for your future and gaining insight into the professional skills employers are seeking. GST 101 assists students in obtaining internships, co-ops and jobs, and gives job candidates a competitive advantage in the workplace.

86% of employers in a national survey hire students who have had an internship or co-op.

How do you become part of that 86%?... Take GST 101 to get these skills; market research, resume writing, interviewing, learn how to use social media professionally and more! Visit myoswego to register your seat today!

The last day to add a class is Sept. 2

Anthony Macchiano at his internship with the Balule Nature Reserve (The Greater Kruger National Park) in Hoedspruit, South Africa

Need Help Finding an Internship for THIS SEMESTER?

Students have until September 1 to register for fall internship credit. There are still many internships available in the community. Information Sessions are provided on how to earn academic credit for internships and assist students with their internship and/or volunteer/community service searches. Workshops are held in 143 Marano Campus Center and the schedule for August is below. For the complete semester schedule, visit:
http://www.oswego.edu/academics/opportunities/service/experience/Internships/Information_Sessions.html

Monday, August 24 @ 11:00 am
Tuesday, August 25 @ 3:00 pm
Wednesday, August 26 @ 10:00 am
Monday, August 31 @ 11:00 am

Fall Internship Deadlines

Internship Applications are due Sept. 1
Learning Agreements are due Sept. 11
Make a Difference in the Community AND Earn Credit

Become a Mentor-Scholar

The Mentor-Scholar Program is an academic and social mentoring program that partners SUNY Oswego undergraduates one-to-one with at-risk students from local school districts. Mentoring pairs meet twice a week after-school to work on homework and general academics while addressing social issues and having fun. Mentors join students on field trips such as bowling and ice skating while receiving two upper-division credits through GST 311, a course which addresses issues in mentoring, poverty and adolescent growth in the context of youth programming. Visit the Mentor-Scholar section of our web site to apply, questions can be emailed to mentor-scholar@oswego.edu.

GST 302 Service Learning

This course will provide students with the opportunity to provide direct service to those in need as volunteers working with local agencies. The classroom and assignments component of the course will focus upon a history of volunteerism, the rights and responsibilities of citizenship, social structures, altruism, and methods of eliminating discrimination. Repeatable for a total of 6 credits, you can register for this course through your myoswego account.

Service Learning students can volunteer with Adopt-a-Grandparent, Oswego Animal Shelter, The Salvation Army, Mentor Oswego, area nursing homes and more!

Updates from the RISE Program

The Summer 2015 Scholarly and Creative Activities Symposium will be September 4 from 2-3:30 pm in the Sheldon Ballroom. This is a great opportunity to come by and check out student research and creative projects completed over the summer by Challenge Grant Recipients, Global Lab Students, and other summer scholars at SUNY Oswego.

There are opportunities for funding students traveling to present at conferences. Please contact rise@oswego.edu for more information!

The Center for Experiential Learning’s Newest Staff Member

We are happy to announce that Liz Knickerbocker joined our staff in June as Experiential Outreach Coordinator. Liz will be reaching out to organizations across Central New York and developing internship and co-op opportunities.

Summer Intern, Carson Metcalf, at his internship with News Channel 9 in Syracuse.
Co-op applications are continually accepted

A SUNY Oswego co-op is full-time, paid employment that lasts as long as six months. A Co-op is a non-credit bearing educational program and students do not pay tuition for this program.

SUNY Oswego’s Co-op program offers a variety of resources in preparing students for their job after graduation. Nationally, 60% of students accept positions from co-op employers while 95% of co-op students find jobs immediately after graduation.

Co-op News
Co-op students gained full-time work experience this summer with:

Biogen
Burlington
Community Parks
CACI

PAC Associates
Target
Wegman’s
WR Grace

Co-op opportunities are available nationwide for most majors, to learn more about this program or to apply, email coop@oswego.edu

We know what you did this summer....

Close to 200 students chose to get experience this summer by earning academic credit for their internship. These students will be adding solid work experience to their resumes, some students were offered full-time jobs upon graduation! Here are a few of the companies that welcomed SUNY Oswego students over the summer:

Al Roker Entertainment
Albany Medical Center
Buffalo Bisons
CBS News, CNY Central
Churchill Environmental
Cosmopolitan Magazine
Giorgio Armani Corporation
iHeart Media
MLB Network
